

IN RE: JAMES F. WALKER, Debtor.
CASE NO: 03-32158-BKC-PGH

Court granted Debtor's Motion to Remove Trustee Pursuant to 11 U.S.C. § 324 for Fraud Upon the Court. The Court found that the trustee failed to disclose prior connections to a creditor in the debtor's Chapter 7 case. Documentary evidence and testimony indicated that the trustee had served as the registered agent for some of the creditor's corporate entities and that the trustee was the creditor's accounting expert in a previous civil case. The trustee's testimony and evidence to the contrary was not persuasive. As a result, the Court ordered that the trustee be removed.
